

DISTRICT MEETING  
COMMANDER'S REPORT  
January 18, 2012

On November 26, the Fort Erie Power and Sail Squadron hosted our annual Holiday Party at the Cove Restaurant. We were honoured to have D/C Bill Allen and his wife Dianne in attendance.

The Fort Erie Squadron has been operating our CPS store at the Niagare Square Mall for the past couple of months. We currently have processed about 15 people for the PCOC and have 4 students enrolled in the Boating Course and another 4 students taking Navigation with GPS.

On Saturday January 7, some of the Bridge officers were at the First Chippawa Polar Bear Dip promoting CPS and the RVCC inspections. We have been working closely with the Chippawa Dock Committee, who have raised enough money to extend the docks near the public boat launch on the Welland River as well as putting new docks on the North side of the river near the Weightman Bridge. The committee has authorized us to advertise our Boat Courses as well as the RVCC inspections.

The Squadron will be hosting a booth at the Sportsman Show at the New Scotia Bank Convention Center in Niagara Falls in March, where we will be promoting our Courses and the RVCC inspections.

Respectfully Submitted  
Stephen Alexander P  
Commander Fort Erie Squadron
