

DISTRICT REPORT

YOUTH PROGRAM

MAY 17, 2011

I have the copy of the binder for the PCOC for Youth Program and am encouraging all the Commanders and Training Officers to avail themselves of it and to consider the program.

The program is designed to give 10 hours of instruction to the youth so they can earn their Pleasure Craft Operators Card. There are guidelines in place for instructors to teach the course and to ensure it is done in a safe environment as well as possibilities to do it in a positive and fun way.

I would like to come to your bridge meeting or meet with your training officer if interested and the binder can be duplicated or used for your squadron's use.

Respectfully submitted,

Diane Allan
Youth Program
